

BRIDGESTONE

SAFE DRIVE

RUN FLAT TYRE ASSURANCE

Safe Drive (RFT) offers you guaranteed protection from accidental damage or irreparable puncture for the life of your Run Flat Tyres*.

RFT

GUARANTEED RUN FLAT TYRE PROTECTION*

Run Flat Tyre (RFT) technology represents the latest in a long line of motoring safety initiatives being made available today, and Bridgestone is a proud developer and manufacturer of this technology.

Bridgestone Run Flat Tyres keep you and your family safe and prevent damage to your car in the event of a puncture. To ensure you and your family are always driving on undamaged, safe tyres, Bridgestone have developed Safe Drive Run Flat Tyre Assurance.

Safe Drive (RFT) protects your Run Flat Tyres from accidental damage including:

- › Irreparable punctures
- › Gutter damage
- › Potholes or damaged roads
- › Breaks or cuts from foreign objects on the road

If accidental damage occurs to one of your Run Flat Tyres, call **131 229** immediately for your nearest Bridgestone Select, Bridgestone Tyre Centre or Bridgestone Service Centre. Your damaged tyre will be replaced free of charge if under 10% worn. If over 10% worn, the tyre will be replaced at a pro-rata cost[†].
